SkyView Creative Kids

Empowering kids to reach their full potential through access to academic competitions, fostering a culture of collaboration and innovation.

Who we are...

Our mission is to support students at SkyView Academy in pursuit of their academic passions by fostering a team culture among academic clubs and providing financial assistance. SkyView Creative Kids is a nonprofit 501(c)3. All donations are tax deductible to the fullest extent of the law. EIN: 99-0529847

Last school year...

SkyView Academy is a K-12 Douglas County public charter school that excels in academic excellence and aims to raise lifelong learners and honorable leaders for tomorrow.

1,600 STUDENTS
K-12 School

40 STUDENTS
4 academic teams, half qualified for a global competition

CHALLENGES

Academic competitions offer valuable learning and growth opportunities for students. Just like athletic travel, academic competitions are costly and often too expensive for parents. We create a team culture between academic clubs and teams as they fundraise together to attend academic competitions out-of-state.

SOLUTIONS

Through fundraising efforts, partnerships with local companies, and engagement with the community, we ensure that all students have the opportunity to participate in out-of-state academic competitions. We also create an environment where students learn from and support each other, building lifelong skills and connections both in the classroom and outside with the local community.
